2. In Bluetooth mode, double click the power button to switch to MP3 mode, and the LCD screen will display MP3 mode and with "MP3 mode" prompt sound.

3. The MP3 function supports music in MP3, WAV, WMA, APE format.
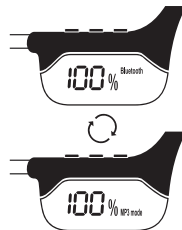

CHARGING

1. When the headphones are charging via the 5V magnetic charging cable, they will automatically turn off and cannot be powered on during charging. The last digit of the battery percentage on the display will flash while charging.

2. When charging, the percentage [100%] means the charged amount is full.

CHARGER AND BATTERY

1. Before using any charger to charge the headphones, please check whether the charger specifications are in line with the requirements(recommened charger output voltage DC5V +/-0.25V, output current: 100mA-500mA), charging voltage is too high may damage the Bluetooth headphones.

2. Warning: Only use approved chargers with this package, use of other chargers may violate the term of opproval and warranty of the device and may result in danger. If the factory is shipped with a charging cable, you need to connect the charger or computer through the 3C certification to charge it. Prohibit serious collision with this product, serious impact may damage the electronic motherboor and battery.

CHARGING THE BATTERY

The headphones uses bullt-in non-removable rechargeable battery, please do not try to remove the battery from the headphones, so as not to damage the headphones. if a long term non-use headphones, please store it to dry and ventilated place, and charge it every two months.

---

1. When the headphones connected to show 10% or less, and hear the low battery toneof low battery please charge, that the headphones power is insufficient. if you continue to use it will automatically shut down, then you need to charge.

2. Plug the charger into the AC power outlet.

ADJUSTABLE STRAP (FIXED STRAP)

Function 1: Adjustable Strap to Adjust Size
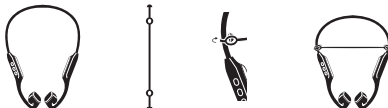

Function 2: Fixed Strap for Swimming

When swimming, using the fixed strap can prevent headphones from falling off due to water flow impact

Connect the headset to your computer using the magnetic data cable. After about 5 seconds, the computer will recognize the headset as a USB drive.

The MP3 function supports music in MP3,WAV, WMA, APE format.
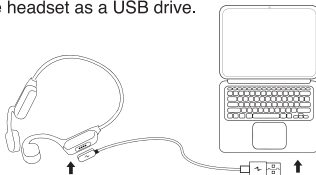

IMPORTANT NOTE

1. Store the headphones in cool and dry place. The working temperature should be 0~45°C(32~113°F). Working in a cold/hot environment or a highly humid area or an extremely low air pressure may reduce the battery life.

2. Keep the product away from heat sources, direct sunlight, combustible gas, fire, high voltage equipment.

3. Keep the charging port dry before connecting to charger will reduce the risk.

4. Avoid dropping, crushing, or exposing the headphones to salt water or corrosive liquids.

5. For optimal performance, position the speakers on your cheekbones, just in front of your ears. Do not place the speakers inside your ears.

6. Listening at maximum volume may cause hearing damage and audio distortion.

7. Warning: Not intended for children under 3 years of age. Contains small parts that may present a choking hazard.
