On the display screen of the charging case, the connection symbol between the headset and the bin is displayed, the L/R ear power percentage ratio is displayed, the bin power percentage ratio is displayed, and the time is displayed.

【4】

Universal wireless connection operation

1. Please put the wireless headset and mobile phone (or other connected devices) together;
2. Make sure the headset is powered on, open the charging box cover or remove the headset from the charging box, make sure that the left and right headsets are connected, the headset can enter the pairing mode;
3. Turn on the Wireless function of the user's mobile phone (or other Wireless device), and search or scan. At this time, the mobile phone will search for all nearby Wireless devices. Click the corresponding Wireless model name to connect. After successfully pairing and connecting, you can make a headset call, Listening to songs, etc.

Considerations when connecting wirelessly

1. Please control the distance between the wireless headset and the mobile phone (or other connected equipment) within 1 meter, the closer the better;
2. You can put the earphone in the charging box and open the charging box cover to connect;

【5】

3. When the headphones are removed from the charging box and connected, make sure that the left and right headphones are connected;
4. Do not close the charging box cover during the connection process;
5. The charging box needs to have enough power. If the headphones cannot be turned on when the cover is opened, put the headphones in the charging box, close the cover of the charging box and plug in the charger to charge for at least one hour;

Precautions

1. Never use corrosive cleaning agents to clean this product;
2. Do not allow this product to heat or come close to fire sources, such as cooking stoves;
3. Do not expose this product to direct sunlight for a long time to avoid high temperature;
4. Do not dispose of this product in fire to avoid explosion;
5. Do not try to disassemble this product to make any modifications, because it does not contain any maintenance components;
6. Do not use this product in the rain;
7. If you do not plan to use this product for a long period of time, please store it in a dry environment. And charge the headset at least once a month to extend the life and avoid extreme temperatures and dust.

Warranty Information

Our product is guaranteed to be free from manufacturing defects for a period of 12 Months.
If your product becomes defective during this period, Electus Distribution will repair, replace, or refund where a product is faulty; or not fit for intended purpose.
This warranty will not cover modified product; misuse or abuse of the product contrary to user instructions or packaging label; change of mind and normal wear and tear.
Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and failure does not amount to a major failure.

To claim warranty, please contact the place of purchase. You will need to show receipt or other proof of purchase. Additional information may be required to process your claim.
Any expenses relating to the return of your product to the store will normally have to be paid by you.
The benefits to the customer given by this warranty are in addition to other rights and remedies of the Australian Consumer Law in relation to the goods or services to which this warranty relates.

This warranty is provided by:
