

Bubble Blower Bazooka

User Manual

AB1240

Safety:

1. Keep the bubble liquid away from children, swallowing the liquid may cause injury.
2. Do not pull apart the casing of the bubble blower bazooka to avoid damage or injury.
3. Keep the bubble blower bazooka away from high temperatures as it may cause damage to the unit and batteries.
4. Do not expose the bubble blower bazooka to water, moisture or liquids.

Installation:

1. Remove the screw located on the battery cover by using a small Phillips screwdriver.
2. Connect the lithium rechargeable battery to the connector of the bubble blower bazooka.
Note: It is recommended to fully charge the battery before use.
3. Place the battery cover back on and tighten the screw securely in place.

Operation:

1. Once the battery has been inserted; the bubble blower bazooka will operate.
2. Unscrew the lid of the bubble liquid and pour a sufficient amount on to the included drip tray.
3. Place the bubble holes located at the front end of the bubble blower bazooka in to the drip tray and let it soak for a few seconds.
4. Place the bubble blower bazooka at an upright angle and press the trigger to turn the unit on and release the bubbles.
5. Repeat steps 3-4 to continue adding bubble liquid to the front of the bubble blower bazooka.
Note: The unit will go into standby mode when not used for an extended period of time.
