## Duck Night Light

Rated Voltage: 5V ---

Rated Current: 1A

Rated Power: 1.7W

Material: ABS+Silicone

+Electronic Components

Battery Capacity: 1200mAh

Accessories: Type-C USB Cable

Item size: 144x101x127mm

## Features

1. This lamp is powered by a rechargeable lithium battery.
2. This lamp has seven colors light and can be adjusted as you wish.
3. Soft silicone with cute design; decoration light.

## Instructions

1. This product is a rechargeable lamp, and powered by 5V --- 1A. Do not use adapters with or more than 5V --- 2A to charge it.
2. Please fully charge the product before using it. It takes about 3 hours to fully charge (the charging time depends on the output current of the charger used). When charging, the red light flashes, and the red light stays on after full charge. After being fully charged, the low brightness warm yellow lamp can be used about 22 hours, the high brightness warm yellow lamp can be used about 7 hours, and the colorful lamp can be used about 8 hours.
3. When the light is turned off by tapping, the product is still working and there is a quiescent current. If it is not used for a long time, please turn off the light by power switch to help protect the battery life.
4. After fully charged, please cut off the power supply in time.

## Function Switch Description

### Power/Light switch

There are two light circulation modes: warm yellow light and colorful light, which can be selected and toggled as required.

Off Gear: Turn off the product.

Warm Gear: The light is in low brightness and high brightness warm yellow light cycle mode, and the light brightness can be adjusted by tapping.

RGB Gear: The light is in the colorful light cycle mode, and the light color can be adjusted by tapping.

## Timer Switch

It is equipped with "1H" and "3H" light timing functions. In the light on mode, select the toggle timing key as required.

∞ Gear: Open the normally on mode, without timing function.

1H Gear: Enter 1 hour timing.

3H Gear: Enter the 3 hour timing.

(After the timing is over, it is necessary to reset the timing switch key and move it to the "1H" or "3H" gear again, then continue to turn on the timing function.)

## Attentions ⚠

1. Kids under six should use this product under adults' supervision.
2. Do not disassemble the internal device to avoid damaging the components.
3. When not in use for a long time, please place the product in a dry environment.
4. The light source in this lamp shall be replaced by the manufacturer or his service agent or a similarly qualified person.
5. To prevent falling over, please use it on a table with a slope less than 6 degrees.

## Warranty Information

Our product is guaranteed to be free from manufacturing defects for a period of 12 Months.

If your product becomes defective during this period, Electus Distribution will repair, replace, or refund where a product is faulty; or not fit for intended purpose.

This warranty will not cover modified product; misuse or abuse of the product contrary to user instructions or packaging label; change of mind and normal wear and tear.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and failure does not amount to a major failure.

To claim warranty, please contact the place of purchase. You will need to show receipt or other proof of purchase.

Additional information may be required to process your claim. Any expenses relating to the return of your product to the store will normally have to be paid by you.

The benefits to the customer given by this warranty are in addition to other rights and remedies of the Australian Consumer Law in relation to the goods or services to which this warranty relates.
