

About the camera app of GT4270/GT4290/GT4291.

Sorry, we sincerely apologise for any inconvenience caused.

Due to a problem with the programme, "Heliway Racing" app is no longer available for download.

For shipments prior to 2024(Before P0061332), if the consumer is unable to download the app. Please have them download the following app. App named **VS FPV CAR**.

For shipments in 2024(Since P0061332), the new app has been used and updated in the manual as below. App named **HENGQI PIAY**.

### APP Download and Install

Scan the Below QR code to download.

App Name: HENGQI PLAY

1. Connect the camera to the car, and the camera indicator light keeps on.
2. Go to your phone's Settings and find the WIFI list called "WiFi FPV Car" and connect.(see shown picture)
3. Open HENGQI PLAY APP, Click "START" enter into the APP interface, If connect correct, that you can see the FPV on the interface and Start to control it.

Due to the difference between the old and new electric board chips, if a car with an older camera is used with the new "HENGQI PLAY" app, it will appear to have image but will not be able to control on the app.
