# 10W Rechargeable Mini Glue Gun

## User Manual

TH2024

## GENERAL INFORMATION & SAFETY INSTRUCTIONS

- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision. Children should be supervised to ensure that they do not play with the appliance.
- No children under the age of 8 should be allowed to get near the item unless they are being supervised at all times.
- Keep the item or its packaging materials out of children's reach.
- During use, follow the instructions in each section.
- This item will become hot during use. Be careful and avoid touching any hot part.
- Always comply with the safety requirements for the use of batteries.
- Do not disassemble, crush or throw the item into fire.
- Room temperature should be maintained at 5°C-40°C during charging. Be careful of explosion or burns.
- Never hit the item for it will lead to accidental short circuit, fire or explosion with a battery inside.

**WARNING:** The manufacturer is not responsible for any potential injury from misuse.

## BEFORE FIRST USE

Prior to using your product, please read all the safety and operating instructions thoroughly. Please ensure you follow the steps below before using the product. We recommend you keep the original packaging for storing the product when not in use.

Please pay close attention to the section entitled Important Safety and General Instructions. Find a safe and convenient place to keep this instruction manual for future reference.

Unpack the product but keep all packaging materials until you have made sure your new product is undamaged and in good working order. Ensure you have all accessories listed in this manual. Plastic wrapping can be a suffocation hazard for babies and children so ensure all packaging materials are out of their reach.

**WARNING:** Before each use, clear the glue stick rear entry to ensure the area is free of remaining glue from previous use.

**WARNING:** Before use, check the charging cable to ensure it is free from any damage.

## BOX CONTENTS

- 1x Glue Gun
- 2x Glue sticks
- 1x User Manual
- 1 x 18650 2200mAh battery
- 1 x USB-A - USB-C charging cable

## PRODUCT OVERVIEW

## OPERATION INSTRUCTIONS

### Battery Installation

For the first use, open the battery compartment and insert the battery (Note: Ensure correct polarity when inserting the battery, positive end inward, then close the cover).

### Charging

This item uses a charger with an output voltage of 5V and a current of up to 2A. It is strictly prohibited to use a charger that is not in compliance with the specifications. The charging indicator light turns red during charging and turns green when the item is fully charged.

### Loading the glue stick

Take a fresh glue stick and place one end into the circular opening in the back of the gun. Slide it in until it stops.

## Operation

1. Unpack the glue gun and inspect all parts. Do not use if there are damaged parts.
2. Fully charge the item with a suitable charger before use.
3. Take a fresh glue stick with a diameter of 7mm and place one end into the circular opening in the back of the gun. Slide it in until it stops
4. Press the power switch for 3 seconds to power on the item. The working indicator light will be in red color when the item is heating up.
5. The glue will be sufficiently melted in around two minutes when the working indicator light turns into green. Lightly squeeze the trigger to release the melted glue.
6. When the item is on, gently press the power switch to turn it off.
7. If a glue stick is only partially used, it is not recommended to remove it from the circular opening in the back of the gun. It is ready to work again after heating up for 2 minutes next time.
8. The 4-LED battery indicator tells you how much battery is left. Four green lights indicates the battery is fully charged. While one last light indicates the battery is running out and needs to be recharged.
9. Always turn off the item after each use. Set it aside and allow it to cool down naturally.
10. With sleep function, the item will automatically shut down if no operation is performed for 5 minutes.

## SPECIFICATIONS

Dimensions:	330mm x 130mm x 100mm
Charging voltage:	DC5V
Charging current:	Up to 2A
Battery:	2200MA
Heat up time:	>2 min
Time of use:	>60 min
Sleep time:	5 min

## WARRANTY

Our product is guaranteed to be free from quality and manufacturing defects for a period of 12 Months.

If your product becomes defective during this period, Electus Distribution will repair, replace, or refund where a product is faulty; or not fit for intended purpose.

This warranty will not cover modified product; misuse or abuse of the product contrary to user instructions or packaging label; change of mind and normal wear and tear.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and failure does not amount to a major failure.

To claim warranty, please contact the place of purchase. You will need to show receipt or other proof of purchase. Additional information may be required to process your claim. Should you not be able to provide proof of purchase with a receipt or bank statement, identification showing name, address and signature may be required to process your claim.

Any expenses relating to the return of your product to the store will normally have to be paid by you.

The benefits to the customer given by this warranty are in addition to other rights and remedies of the Australian Consumer Law in relation to the goods or services to which this warranty relates.

This warranty is provided by:
