PRODUCT SPECIFICATION

Bluetooth Version:	5.0
Output Power:	17WRMS
Transmission Range:	Up to 10m
Frequency Response:	70Hz-18kHz
Playback Time:	3-10 Hours
Charge Time:	2-3 Hours
Battery:	Li-ion 7.4V,2000mAh
Power:	5VDC,1.5A (Type C USB)
Power Consumption:	1300mA(Max)
Dimensions:	204.6 x 174.7 x 208mm

FREQUENTLY ASKED QUESTIONS

Q: What kind of charger should we use for the speaker?
A: All common USB chargers can be used, while we suggest the ones 5V/2A or above.

Q: What if there is noise or discontinuous sound when playing?
A: The speaker can be normally used within 10m under no obstruction environment. If it is over 10m or with obstruction, there might be noise or discontinuous sound.

Q: Why will the speaker shut down automatically when it is working ?
A: When there is no bluetooth pairing for above 10 minutes or no playing for 30 minutes in aux in mode, the speaker will shut down automatically to reduce power consumption.

Q: The speaker cannot connect the once-paired cellphone?
A: First, remove the speaker's pairing name from the cellphone's Bluetooth list and then short press the power button twice quickly to restart paring mode.

Q: What is the priority play order for Bluetooth and Aux mode?
A: Default mode is bluetooth mode, but when insert in aux in cable, aux in mode will have the priority.

Q: The speaker cannot be started up in a normal situation?
A: Please plug in the charger and try in a few minutes.

PRECAUTIONS FOR USING

1. Pls charge the speaker once a month if you don't use it for long time to avoid excessive battery consumption.
2. Pls use the speaker in ordinary temperature,pls don't use it in dusty, damp and dry environment;
3. Pls avoid to fall or knock the speaker by hard object which will cause appearance or component damage.
4. Pls don't disassemble or repair the speaker,it may cause damage to speaker.

This speaker supports mobile phones and tablet PCs etc. Here this User Manual is illustrated based on mobile phones.
